Curriculum Description

Christian Education

☸ We base our teaching and learning curriculum on Hawaii's "A Biblical Foundation for Early Childhood," extending Biblical truths to our practical life and teaching.

Developing Language Competency

☸ Through Montessori's systematic language curriculum, we effectively develop students listening, speaking, reading, and writing competencies in both Chinese and English.

Cultivating Self-Care Ability

☸ Through Montessori's teaching philosophy, we cultivate children's self-care and self-discipline abilities, enabling them to be focused and confident learners.

Nurturing Creativity

☸ From concrete learning to free exploration, children's creativities are nurtured. This broadens their knowledge, deepens their learning, and enhances their problem solving abilities.
